

**September 17th was National Voter Registration Day.**

**Did you have a chance to check your registration?**

There are important elections in less than two months!

In **Virginia, Pennsylvania, Ohio, Texas, Kentucky, Louisiana, and Mississippi**, voters will get to decide their next state legislators, governors, and constitutional amendments. Towns and cities across the country will decide mayors, school boards, and more!

And since fewer people vote in "off-year" elections like this, every individual vote makes a bigger impact. That means our votes go further toward electing pro-union champions!

**[Don't delay -- see if your voter registration needs to be updated right away!](#)**
